DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE		
<p>Washington Methodist Church is a "T" plan structure with a gable facade toward the road and having an "L" on the east side. It's three bays wide and three bays deep, is built upon brick piers. All of the windows are large and have 6/6 sash. Since the building has been covered with aluminum siding, most of the original character is not evident.</p> <p>Across the highway and east of the church is another cemetery, beside the one closest the church, which bears a monument of interest. It's the statue of a man in the military uniform of the first World War. It was erected in 1930 and bears the memorial inscription: In Memory of Those Boys from Hurlock District who answered their Country's call.</p> <p style="text-align: center;">1917-18</p>
